

Petronas Twin Tower

Soaring to a height of 451.9 metres, the 88-storey twin structure is Kuala Lumpur's crown jewel. Majestic by day and dazzling at night, the PETRONAS Twin Towers is inspired by Tun Mahathir Mohamad's vision for Malaysia to be a global player. Together with master architect Cesar Pelli, the international icon powerfully captures the nation's ambitions and aspirations.

Visit us and experience the PETRONAS Twin Towers first-hand. Begin your tour with interactive displays that showcase the journey, from idea to completion. Scale 170 metres in an elevator with a futuristic edge. The doors will open at the Skybridge, a connecting structure between the towers and the world's highest 2-storey bridge. Ascend even higher to level 86, where the story of Malaysia's vision unfolds amid breathtaking views of Kuala Lumpur. Then wrap up your visit with exquisite souvenirs at the gift shop.

The world's highest double-decked bridge symbolises a gateway to the future and provides a stunning vantage point of Kuala Lumpur. Linking the towers at levels 41 and 42, it facilitates movement, and functions as an escape route in case of

emergencies.

The Skybridge is supported by a “three-hinged arch” consisting of giant round bearings at the base and a pair of legs 51 metres in length. The base of the arch is located at level 29 of each tower, while the cylindrical legs are bolted to a box girder at the centre of the bridge.

The Observation Deck discovers what makes the Twin Towers special through cutting-edge displays and vibrant exhibits. At 360 metres, you’ll be able to see a spire up close and enjoy breathtaking views of Kuala Lumpur.
