

Sabah

Stunning tropical islands and luxuriant nature makes Sabah the ideal destination for eco-adventures. The state's most famous icon is the majestic Mount Kinabalu, reputed to be one of the highest in Southeast Asia. Another jewel is Sipadan, an internationally famed dive destination.

Its population of nearly 3.1 million is made up of 32 ethnic communities. The capital of Sabah is Kota Kinabalu. It is the gateway to eco-adventures such as diving, river cruising, mountain climbing, white-water rafting and caving.

Kota Kinabalu was formerly known as Jesselton. Most parts of the city have been reconstructed after World War II and there are only three surviving buildings from the war.

Visit this 'Land Below the Wind' and enjoy unforgettable adventures!
