

Island Plaza Penang

Island Plaza, ideally located in Jalan Tanjong Tokong, the road leading to the famous Tanjung Bungah and Batu Ferringhi beaches in Penang, has now been given a new contemporary look to charm its visitors.

With an improved mall structure and wide array of tenant mix, the new Island Plaza aims to offer shoppers a unique resort shopping experience that represents the many faces of Penang, all under one roof, making it a truly Penang resort mall. This is the first ever concept being adopted by a retail mall of its class in Penang.
