

# Queensbay Mall

Queensbay Mall is currently the largest, longest and most modern shopping mall in Penang with a gross built up of 2.5 million sq ft.

The Mall is located in Bayan Lepas, minutes away from the Penang Bridge, the heart of a prime waterfront development sprawling over a land area of 73 acres.

It is the most preferred shopping destination for both the locals and tourists – with 5 levels of retail with more than 10 junior anchors and 500 retail merchants.

The facility and amenity signages are meticulously planned to enhance the convenience and comfort of the shoppers.

The overall interior design and lightings are aimed to create a conducive and safe shopping environment for the whole family. Added to the attractions are the integrated entertainment zone on the third floor that provides a wide

range of entertainment and leisure attractions ranging from multiplex to roller skating.

It is a “family lifestyle mall” of international standard catering to households who are looking for good value for money and the latest in designs and styles.
