It is a family holiday destination consists of more than 70 hands-on rides, slides, shows and attractions. Almost everything is hands-on, so you can push, pedal and program, or steer, squirt and splash, your way through a truly interactive experience – and of course there's building too.

The centrepiece is **MINILAND**, where Asian landmarks have been recreated using more than 30 million LEGO bricks. It's an interactive world on a scale of 1:20, where people, trains and aeroplanes come to life at the touch of a button.

LEGOLAND Water Park which can be enjoyed separately or in combination with the theme park has more than 20 slides and water based attractions and boasts 70 LEGO models. Highlights of this unique LEGO themed water park are:

Joker Soaker

A fun interactive play structure in the wade pool where children can aim water cannons at one another. But watch out: The huge bucket will pour 350 gallons upon everyone every few minutes.

Build-A-Raft

A unique concept where children can customize their own raft made from LEGO soft bricks before floating down the lazy river.

LEGO Wave Pool

Families can ride the waves or simply cool off in this wave pool where swimmers of all ages will enjoy making a splash.
