

Golfing Paradise

Malaysia, the land of diverse attractions, is truly paradise for golfers offering over 200 golf courses. Spread over undulating terrain and verdant greenery, the country's golf courses are a sight to behold. For an unforgettable experience, tee off with the South China Sea in the background, or enjoy the rewarding ambience of the cool highlands.

Malaysia boasts numerous courses of international standards, having hosted events such as The Malaysian Open, sanctioned by the Asian PGA Tour as well as the European PGA Tour and the Volvo Masters of Asia.

World-renowned golf course designers such as Robert Trent Jones Jr., Ronald Fream, Ross Watson and Max Wexler have added their personal touch to the fairways in Malaysia. Other leading figures namely Jack Niclaus, Arnold Palmer, Gary Player and Greg Norman have played the role of golf architects when not on tour.

With Malaysia's fair and balmy weather all year round, it is easy to pick up the clubs and head to the greens without wondering if the weather would be kind. Both serious golfers and amateurs can play in the same flight, as the local golf courses are designed with multiple tees.

The clubhouses offer modern amenities and fine dining facilities. Some are conveniently located next to a theme park for wholesome family fun while others overlook the beach or are situated within a rainforest setting. Malaysians are famous for their hospitality, so expect nothing less than good service and friendly people.

For the moments in between tees, indulge in a rejuvenating variety of spa treatments. Our eastern and western spa menus

feature healing therapies inspired by Malay, Chinese, Indian, Balinese and even Swedish as well as Hawaiian traditions. Alternatively, you can shop for local crafts or enjoy a stroll through the tropical forest.

Endowed with undulating fairways, beautiful scenery and a host of natural attractions, Malaysia offers a memorable golfing vacation for all.
